

ASSET MANAGEMENT SUMMIT

NOVEMBER 28, 2019 | SALONS HOCHÉ

On November 28th, 2019, the first edition of the Asset Management Summit was held.

The conferences dedicated to the main themes of asset management gathered more than 200 participants around 11 round tables.

These conferences have given rise to numerous exchanges around today's leaders' allocation strategies, revealing the best investment opportunities.

A networking lunch cocktail closed this international event and brought together asset management professionals: institutional investors, alternative funds, family offices, corporates, private banks... This friendly moment allowed the actors to meet and talk around various topics.

Find all the speakers on our website:

ORGANIZED BY

AMONG OUR SPEAKERS...

For this first edition of the Asset Management Summit, 200 participants met at Salons Hoche to discuss asset management changes, news and issues. From the point of view of the investor to the asset manager's, our 50 speakers delivered their convictions, good practices and lessons learned, in order to offer a complete view of the market. The topics covered were divided into three tracks: "Equities", "Fixed Income & Bonds" and « Alternatives ».
